WITH ROOTED RECOMPOSITION
A MEANINGFUL ALTERNATIVE
TO BURIAL OR CREMATION**

NOW OFFERING ROOTED COMPOST

A nutrient-rich soil
created from pet remains

A natural alternative
to burial or cremation

A living and lasting
pet memorial

WWW.ROOTEDPET.COM

ROOTED recomposition services combine
the age-old farming practice of mortality
composting and contemporary technology
to maximize efficiency and quality.

Pet remains or ashes are gently transformed
into safe and useful compost at our
state-of-the-art Recomposition Center
located near Olympia, WA.

This nutrient-rich soil can be donated
or returned for personal use.

ROOTED recomposition is **100% NATURAL,**
100% ORGANIC and **100% ACCOUNTABLE.**
